MARCH OF DIMES CAMPAIGN OPENS, DONATIONS URGED

The March of Dimes is on!

Dimes and dollars are being marshalled today to meet Alameda County's quota of $150,000 in the nation's 11th annual fund appeal for infantile paralysis victims which began Wednesday and will continue until Jan. 30.

President Truman, Governor Earl Warren, who is personally heading the drive in California, John F. Hassler, county chairman, and J V. Goold and E. Dixon Bristow, Washington Township co-chairmen, urged support of the campaign as it got underway.

In a recent report Fred C. Wells, treasurer of the Alameda County Chapter of the National Foundation for Infantile Paralysis, sponsors of the March of Dimes, revealed that $91,831 has been spent in the county during the past 18 months to aid local polio victims in their fight back to health.

Included in the expenditures were: hospital and medical care, $52,851; braces and appliances, $9,041; nursing care, $9,609; epidemic and hospital supplies, $4,823; physiotherapy, $7,600.

One-half of the funds collected here during the current campaign will be used to aid county polio victims. The remaining funds will help finance nation-wide research into the causes and cures for polio and to train specialists.

Checks may be sent to the co-chairmen here while small donations may be placed in any one of the hundreds of coin collectors which have been placed in stores, banks, business houses and public meeting places throughout the township.

HITS POWER LINE

A large pole supporting high-powered electric lines, located in front of the Roethlin Cafe in Irvington, was snapped off at the ground Monday night when struck by a truck. The driver of the truck continued on his way without reporting the accident.

The lines supported the weight of the pole and left it sagging against the building housing the Berry Garage and the Irvington Apartments. Workmen from the P.G.&E. replaced the pole Tuesday.

It is with pleasure that we pass on to you the telegram received today from Mr. Henry Ford II, President of the Ford Motor Company.

The Ford Motor Company today, in a move to halt the spiral of mounting costs and prices, reduced the price of every Ford Car from $15 to $50.

In making the announcement Henry Ford II, president, said, "Although more than one million of our customers are waiting for delivery of their cars at present prices we are immediately reducing the price of every Ford car, some models as much as $50. This is our down ; ayment toward a continued high level of production and employment in the months ahead. We believe that the shock treatment of prompt action is needed to halt the insane spiral of mounting costs and rising prices and to restore a sound base for the hopeful period of post war production we are now entering."

Mr. Ford said the company had made a modest profit for the last three months of 1946 and intended to continue to operate in the black. He said that the millions of dollars lost since VJ Day had been accepted as "an item of the cost of a great and victorious war. Because they must build up depleted cash reserves or because they are still losing money, many businesses may not be able to follow suit," he said. "But we hope that our suppliers, our employees and our other economic partners will back each to his own ability our attempt to return to the economic pattern which has helped to make America great, the principle that higher wages and a higher standard of living for all depend upon lower costs and lower prices through increasingly efficient large scale production."

DRIVER OF STOLEN CAR NABBED HERE

Gervase Reede, 21, was arraigned in Justice Court in Hayward Wednesday on a stolen car charge and his hearing, at which time he may enter his plea, set for Jan. 22.

Reede was nabbed by deputy sheriffs on the Niles-Mission San Jose highway last Thursday night. He was driving a milk delivery truck which had been reported stolen from John Schaer of Mt. Eden. The deputy sheriffs, following a broadcast of the description of the car, spotted it on the highway near here. In the chase that followed Deputy John Legro fired three shots at the tires of the speeding truck before the driver lost control and crashed into a pole. He was taken to Fairmont Hospital where he was treated for head injuries and was then transferred to the Hayward jail.

Reede stated he was discharged from the Army at Camp Stoneman the day before the truck was stolen.

VOTE $72,000 BOND ISSUE FOR DECOTO SCHOOL

Voters of the Decoto School District went to the polls in that community last Friday at a special election and cast their ballots favoring a $72,000 bond issue for the district.

Election judges reported a record light number of votes cast with but 84 ballots filed. Of the 84 ballots, 74 favored the bond issue and 10 were opposed.

Members of the Board of Trustees, M. White, H. A. Searles and William S. Davis, will meet tonight (Friday) for a recount of the ballots and discuss the sale of the bonds.

The bonds will be issued in $1,000 denominations and will bear interest at the rate of not more than 4½ per cent per annum.

Money raised from the bond issue will be used to purchase additional school lots, erect additional buildings, make necessary improvements to present buildings and purchase badly needed equipment and apparatus for the class rooms.

NEW BAY HIGHWAY IS PROPOSED BY WARM SPRINGS

The Warm Springs Chamber of Commerce members voted at a meeting Thursday evening, Jan. 9, to present to the Alameda Board of Supervisors their proposal for a highway connecting Warm Springs and Moffett Field on the west side of the bay.

Roland Campbell of the county surveyor's office, addressing the group concerning the proposed highway, brought attention to the fact that the Santa Clara County Board of Supervisors would also have to grant their approval of the highway as a large portion of the contemplated road would be situated in that county. In the event the proposal meets with the favor of both boards and the approval of the state highway commission, it would then be necessary to introduce the proposed plan to the state legislature, according to Campbell.

FREEWAY ADVANCE TOLD

The representative of the surveyor's office also gave a report on the progress of the new freeway which, when completed, will skirt the entire bay area. He reported that property is being obtained along the route of the new road and promised that all the communities would be furnished approaches onto the highway.

Orville Leitch, newly elected president of the chamber who presided over the meeting, read a letter from the San Francisco Water Company stating that a new pipeline from the Hetch Hetchy dam into San Francisco would pass near Warm Springs and granted the community permission to tap the line for water supply in the event that a water district is established there. Initial plans for the establishment of a water district were discussed with some definite action on the matter postponed until the next meeting.

SURVEY IS COMPLETED

Joe Brown and Leonard Baptist, members of the committee working on the establishment of a sanitation district, reported that a survey of the community has been completed and the estimated cost of laying sewers throughout the area set at $30,000. The committee members expressed the possibility that they could annex to the Irvington sanitation district at that community's new disposal plant which is to be erected in the near future.

L. R. Batman, Niles, publisher of The Township Register and chairman of the Washington Township Planning Committee, reported to the chamber the progress being made in an effort to formulate a hospital district to serve this area.

WOMAN, BORN IN IRVINGTON, DIES AT THE AGE OF 80

Funeral rites were held yesterday for Mrs. Angelina Frick Abrott of Niles, who died January 14 in an Oakland rest home. She would have been 80 years old next month.

Mrs. Abrott, widow of the late Harry A. Abrott, pioneer blacksmith of Sunol and Niles, had many friends in this community. Born in Irvington, she had lived here in the township all of her life. She spent over 50 years of that time in Niles.

Survivors are a son, Lawrence, of Oakland; two daughters, Mrs. Bertha Elliott of Niles and Mrs. Florence Hornberger of Oakland; two sisters, Mrs. Molly Nickel of Anaheim and Mrs. Kitty Bernal of Irvington; nine grandchildren and five great-grandchildren.

Services were held at the Pratt-Flierl Mortuary in Hayward with closing services at the Chapel of the Chimes.

IRVINGTON BOY ADMITS BURGLARY

The Alameda County Sheriff's office reported Wednesday that a 13-year-old Irvington boy, questioned on the week-end burglary of the H & K Store in that community, had confessed to burglarizing the home of Mr. and Mrs. Frank Delgado of Irvington on the night of Dec. 21.

The police were unable to link the youth with the H & K Store burglary which took place early Sunday morning. Entrance to the store was gained through a window and $6 taken from a cash drawer.

The youth admitted stealing part of a silver dollar collection of Delgado's. He was cited by the sheriff's office and turned over to the juvenile authorities.

PLANNING BODY TO DISCUSS HOSPITAL

The Washington Township Planning Committee will meet Tuesday evening, Jan. 21, in the cafeteria room of Washington Union High School at 7:30 o'clock, according to Secretary Edward E. Enos.

Presently, a bill is pending in the legislature, introduced by Assemblyman Francis Dunn Jr., which would permit the establishing of a hospital district in the township.

In addition to members of the planning committee, local doctors and any other persons interested in the hospital problem are invited to attend.

Second place honors went to Bob Olson of Hayward who spoke on the question, "In what ways did Danish cooperatives effect illiteracy?"

MISSION SAN JOSE, IRVINGTON CALL SPECIAL ELECTION

Members of the Irvington Sanitary Board of Trustees met Tuesday evening and voted to favor the annexing of the newly proposed Mission San Jose Sanitary District.

The five members of the board, R. J. Wright, J. H. Durham, L. Freitas, William Rose and R. B. Benbow, voted to hold a special meeting on Jan. 21 to draw up a resolution of acceptance of the proposal for annexation.

The annexation procedure was begun recently when a total of 65 property owners of Mission San Jose petitioned the board of trustees seeking permission to tap their proposed sewage system to the Irvington system. Eleven of the petitioners attended the Tuesday evening meeting at Irvington.

A special election has now been called for Feb. 25 at which time the voters of both communities will go to the polls to express their desires on the matter of annexation. On Feb. 28 the votes will be canvassed from both districts. If the majority of the voters in both communities favor the annexation the proposal will then be submitted to the Alameda County Board of Supervisors for the approval of that body.

Leon Clark, attorney for the Irvington Sanitary District, attended the Tuesday evening meeting.

HUSKIES TO MEET MT. VIEW TONIGHT

The Washington High Huskies won their first league victory of the season Friday night by downing the Gilroy basketeers 42-24 and 28-13, but bowed to the Jefferson high quintet at Daly City Tuesday 28-19 and 24-16.

The Gilroy encounters proved to be rough and tumble affairs with a total of 46 fouls being called during the varsity game. The win gives the Huskies a standing of 500 per cent in the league standings.

The Huskies will be hosts to the Mountain View squads tonight (Friday) in a double-header bill slated to begin at 7:30. This is another league game and Coach Voorhees' lads will be out for another victory to improve their standing.

Tuesday afternoon they will have return games with the Menlo teams on the home court. The Huskies trounced the peninsula aggregation early in the season.

The car was completely demolished. Laudenschlager was rushed to the Fairmont Hospital in the Dallas Paul ambulance. The extent of his injuries had not been ascertained at press time.

Steel Mill Resumes Work; New Motor Now Installed

The Pacific States Steel Corporation plant near Niles will reopen for production the first of next week after being closed down since Christmas.

The plant usually stops operation at Christmas to allow maintenance crews to make minor repairs to equipment and reopens approximately two weeks later. However, last week a large 1,000 horsepower electric motor, one of the key machines of the plant, was put out of commission when a protecting tarpaulin ignited and the fire damaged the interior of the motor.

90-DAY SHUTDOWN FEARED

Officials of the plant predicted at that time that it would necessitate a shutdown of approximately 90 days before a new motor could be obtained, shipped here and installed or the necessary overhaul made on the damaged machinery.

Marion Newman, comptroller at the plant, revealed early this week that a used motor of the same size and horsepower of the motor here had been located in the bay area and has been put into operating condition and being installed at the present time at the plant. "I wouldn't be surprised but what it is the only immediately available motor of its kind in the entire country," he stated. "We certainly were lucky to find it."

WORKERS HAPPY

Newman estimated that unless workmen encounter unforseen difficulty in removing the damaged motor and installing the new one, the plant should be back in operation by the first of the week.

More than 600 persons were idled by the shutdown here and were resigned to a wait of three months before work could be resumed. The announcement by Newman this week came as a pleasant surprise to them.

Irvington will soon have its name in lights.

The Improvement Club of Irvington voted at its regular meeting last week to install welcoming signs along the highways which intersect that community. The signs will be five-foot neon lights and will be placed at the outskirts of the residential area.

A committee composed of Edw. L. Rose, Carl Christensen and Allan Hirsch was delegated to choose the exact sites and obtain permission necessary for the erection of the signs.

BENEFIT PLANNED

Bert Williams, Frank Mayer and Wayne Day were appointed by President Gus Robertson to make preliminary arrangements for a club benefit to be held in the near future at which time movies of the Irvington Apricot Festival will be shown as a main feature. The Technicolor movies have a running time of 20 minutes and were taken by the Alameda County School Department.

Plans for increasing active membership were discussed and Allan Hirsch was named to make arrangements for a dinner meeting and Ladies Night to be held on Feb. 12.

NEW QUARTERS SOON

President Robertson told the group about the new community building which is to be erected on the school grounds in the near future. This new building, which was one of three obtained from the War Assets Administration, will be used by the Boy Scouts, the Youth Center, and many other youth and adult groups in Irvington. FIRE DISTRICT HEARING CALLED

The Alameda County Board of Supervisors will conduct a public hearing on the advisability of establishing the Warm Springs County Fire Protection District to be held at 10 a.m. Tuesday, Jan. 28, at the courthouse in Oakland.

John Souza, acting as chief of the volunteer department which has been operating in that community since July, reported this week that more than 200 property owners have signed the petition which was recently presented to the supervisors. He estimated that that number represented a near 100 per cent of the property owners that would be given fire protection.

If, after the public hearing, the board decides favorably for the establishment of the fire district, a special election will be called for the people of that community. Should the majority of voters favor the move the board will then appoint fire commissioners to manage the affairs of the district, appoint the fire chief and purchase equipment.

Railway traffic on the Southern Pacific Lines through Niles was tied up for a period of eight hours Wednesday night and Thursday morning when a freight car was derailed near the entrance to Niles Canyon.

A freight train, bound for Oakland, was halted Wednesday night at 6:55 when a loaded car of gravel left the rails. Workmen reported that the flange on one of the wheels had broken off, allowing the wheel to slide from the rail. The wrecker was called from Oakland and section crews here were mustered to clear the tracks. The derailment was at the junction switch which tied up both north-south and east-west trains.

The wheel was replaced on the derailed car and it was lifted back on the rails and the tracks opened again at 3 a.m. Thursday morning.

None To Spare

Many youngsters of Washington Township who received bicycles for Christmas have graduated to the stage of riding their new possessions on the streets and roads after spending weeks practicing in yards and on sidewalks.

This fact is not astounding and could not be considered as a news item, but it is important. It is important not only to the youngsters but to their parents and most of all to the automobile drivers who use these same streets.

These youngsters cannot be permitted to ride their bicycles on the sidewalks because of the hazard to pedestrians. So drivers must be ever on the alert for the youngster who unthinkingly shouts to a playmate, "You can't beat me," and darts out into the street.

An incident such as this took place near The Register office early this week.

Here is an open letter to that driver, and all other drivers like him:

I saw you barely miss a little boy on a bicycle this week and heard you yell, "Get out of the way; don't you know better than to dart out into the street like that?"

Of course the boy knows better but, like you, he does not always heed his best judgment. He has a mother who chanced her life to bring him into this world. He has a father who has worked hard and made many sacrifices to make him healthy and happy. The supreme purpose of their lives is to have their little boy grow up to be a useful man. Now stop a minute and think. If you should kill a child how would you feel facing his parents? What excuse could you give for robbing them of their dearest possession?

Children, my hasty friend, were here long before you or your automobile. All the automobiles on earth are not worth the life of one little boy. We don't know what that little boy might be some day but we do know what you are and it's unimportant. We could get along without you but we can't get along without a single little boy or girl here.

The theme of the evening service will be the work of the Presbyterian Church in the restoration of the countries of Europe which were torn and ravaged by war. The public is invited to attend.

Sunday morning, Dr. Drury, a professor at the San Francisco Theological Seminary, will deliver a sermon on the same theme at the 10 o'clock service.

DECOTO NEWS

By ETHEL AVILLA

A miscellaneous shower was given for Miss Mary Monte at the home of her future mother-in-law, Mrs. Edward Blair, in Oakland, Saturday night, Jan. 11. The table was beautifully decorated, the artistically arranged centerpiece being of white sweet peas, maidenhair fern and white candles in a low white container on a large mirror.

Twenty guests were present to enjoy the fun and delicious refreshments of dainty sandwiches, salad and coffee. The bride-to-be Mary Monte, received many lovely gifts for her future home

Decoto will soon lose another one of its fine families. Charlie Nunes and his family will move to Stockton sometime in March. He is employed by the J. L. Olsen grocery store and his sincere firendliness and courteous treatment of the public has made him very popular with the townspeople. They are moving to be near Mrs. Nunes' family who bought a new home in Stockton some months ago.

All of the Mosquito Abatement employees attended a three-day course in Public Health given by state officials at the Oakland Mosquito Abatement Depot. Simliar courses are to be given throughout the state.

Mr. and Mrs. Wallace entertained their Pinochle Club Saturday night, Jan. 11, at their home on D street. Sixteen hands were played, high scores going to Edward Mara, Ethel and Walter Avilla. Refreshments served at midnight were, of course, welcomed by all. Their special guests for the evening were Mr. and Mrs. Bill Avilla, Mrs. Avilla is the former Jean Keller of Leevining. The young couple were married in Reno on New Year's day to the great surprise of family and friends. Bill is the son of Mrs. Frances Avilla.

KRAFTILE REPORTS QUONSET SALES OVER ONE MILLION

Sale of Quonset packaged steel buildings by the Kraftile Company of Niles exceeded the million dollar mark in 1946, it was made known this week by C. W. Kraft, president of the building materials manufacturing and distributing organization.

The exact figure was $1,009,839.60, according to the executive, who stated that the record had been established by his Stran-Steel Division in the counties of San Francisco, Alameda, San Mater, Santa Clara, Contra Costa, Napa, Marin, Sonoma, Lake Mendocino and part of Solano. Units were purchased by farmers, industrialists, business firms, and miscellaneous users.

Kraftile Company became distributors late in 1945, when the war-proved steel buildings were first made available nationally by the Stran-Steel people.

During the year more than 300 uses and adaptions of the packaged buildings were developed throughout the nation and included uses in every agricultural and industrial classification.

FEED, SEED AND PET SUPPLY STORE TO OPEN IN NILES

"Nobody ever went broke in business in Niles."

It seems that the above has become more or less of a slogan in Niles. At least the number of businesses that are coming in to town would seem to indicate that it had.

This week, two young veterans, Ralph Weber and his brother, Alvin, attracted by the business possibilities in and around Niles, announced that they are planning to open up a seed and feed business in the store in the Wesley Hotel building.

The store, which will open around the first of the month, will carry a complete line of seed, feed, and pet supplies.

The Weber brothers, who served four years in the army and navy respectively during the war, are experienced in the seed and feed business, having worked in this line prior to their entry into the armed services.

EAGLES MEET MONDAYS

John M. Menezes, secretary of the Alvarado Aerie No. 1695, Fraternal Order of Eagles, announced this week that the Aerie will meet each Monday during 1947. He also stated that dues must be paid quarterly in advance on or before the 15th day of the first month of each quarter.

How to teach a voice to "smile"

Speaking naturally is lesson one in becoming a telephone operator... and literally thousands of girls have learned it during the last year in the biggest operator training program in our history. Girls in training get a thorough grounding at regular pay... a basic course that lasts anywhere from three to six weeks.

On special practice boards like this a trainee is given hundreds of practice calls... everything from the simplest local call to a complex string of them. She learns to meet various situations... learns poise and skill and confidence. Even when she becomes a full-fledged "voice with a smile", she can call on a friendly supervisor for help on unusual calls, when she needs it.

In the weeks to come, girls now in training will take their places at switchboards, and as fast as additional equipment becomes available, thousands more will be trained to handle your calls. For we intend to do everything we can to bring the rapidly growing Pacific Coast an even better telephone service than ever before... just as soon as is humanly possible.

An ever-improving telephone service *at the least cost consistent with good wages and working conditions for our employees and a reasonable return to the thousands of people who have invested in the business.*

Thinking Things Over...

By VIVIAN BATMAN

Irvington! Please call off your dogs! I didn't mean it, so help me. It was all in good fun—I mean about stabbing that certain Irvington lady in the back. I have no intentions of stabbing anybody in the back, much less anybody in Irvington. I LOVE Irvington. I love everybody IN Irvington.

It was all a joke. Honest. This "sultry brunette," as I called her in my last column, is a friend of mine. She has been writing me what I humorously termed (only my humor seemed to have been misunderstood) "poison pen" letters, asking me why it is she never gets her name in the paper.

As a result of her series of "poison pen" letters, I wrote the little item in last week's column which seems to have stirred up a tempest in a samovar. One woman even came in to cancel her subscription on the strength of it! "I don't like it!" she said, solemnly shaking her head, "It — it sounds — dangerous!"

Oh, where, oh where did I ever get the idea I had any humor in me? It comes out and sounds like tragedy!

Now that I am on the subject I may as well let you read what the "sultry brunette" wrote in reply to my rabble-rousing little masterpiece. Here is what she wrote:

"My dictionary defines 'sultry' thus: giving out great heat; hot; burning; very hot, close, moist-"

"Maybe I AM moist—or all WET, but that was a very poor choice of a word. Why I've taken a hot water bottle to bed with me all winter! Now, really, do you call THAT sultry?

Yours,
POISON PENNY

"P. S. If I cut my throat would you put my name in the paper?"

Go ahead, Poison Penny, and cut your throat. There may be other ways of getting your name in the paper, but that will be the quickest. (Irvington readers, I'm only KIDDING!)

LIFE OF JOSEPH STUDIED BY DECOTO DISCUSSION GROUP

On Wednesday, Jan. 8, at twelve o'clock, the Decoto Discussion Group was entertained with a two course luncheon at the home of Mrs. Dorothy Musick. The table presented a gay picture with its artistic centerpiece of the earliest spring blossoms. Mrs. John Whipple was a guest.

Mrs. Frances Mara, capable leader of the Bible meeting, took up the discussion of the life of Joseph by asking well thought out questions covering his childhood, his being sold into slavery and his subsequent reunion with his father and brothers in Egypt.

Following the meeting, a letter from Mrs. Elsa Walker, former Decoto resident and chairman of the Book Club, was read aloud and thoroughly enjoyed by all, for Mrs. Walker not only kept the Discussion Group alert with her keen interest but is also a humorous and lively correspondent. She brought the group up to date on the doings of the Walkers and extended a warm invitation to all for a visit to their new home in Lincoln.

Mrs. Anna Mae Campagna was congratulated upon the birth of her son, David Virgil, and was honored with a baby book. Presentation was made by Mrs. Florence Wallace.

Mrs. Dorothy Roberts and Mrs. Alderson of the Oakland Library were present. Mrs. Roberts will be hostess to the group at a luncheon at the International Kitchen Feb. 5. Mrs. Wallace, who will have charge of the meeting, has selected "The King's General" by Dalphne du Maurier as her choice for historical fiction.

Daniels, who has been stationed at Treasure Island, was transferred on the day his family arrived, to San Pedro.

Honorees at Bridge Luncheon

The two honorees are Mrs. Laveda Groves, who will move soon with her husband, Rev. E. A. Groves Jr., to San Jose, and Mrs. LeRoy Broun, whose husband is associated with Judge Norris in his law firm. Others invited to the luncheon include Mmes, Sue Sparrowe, Janet Granger, Val Bailey, Lois Gravestock, Harriet Thornburg, Helen Moore, Alma Searles, Clara Norris, Dorothy Musick and Estelle Logan.

"Getting along nicely." That is the good news that comes from her daughter, Mrs. William Strong, about Mrs. Edward Clark, 613 Second street, Niles, who was operated on Saturday. Mrs. Clark is expected to return from the hospital some time next week.

FRIDAY REVIEW OF LITERATURE

By ETHEL AVILLA

Recommended by the Decoto Libraray:

"Pavilion of Women" by Pearl S. Buck. For a period of years, in the intervals of much other writing, Pearl Buck has been at work on the massive novel which from its first conception has been called Pavilion of Women. To it she has devoted more time and more intense creative thought and imaginative feeling than to any other book which she has ever written. In it she has been slowly distilling her most pungent memories of the Chinese life which she shared for decades. The following is an excerpt from the book:

For Madame Wu herself, this was a day to which she had long looked forward with a strange mingling of relief and quiet sadness. The first part of her life was over and the second part about to begin. She did not fear age, for age had its honors for her. She would with each year gain in dignity and in the respect of her family and her friends. Nor was she afraid of losing her beauty, for she had allowed it to change with the years so subtly that it was still more apparent than her years. She no longer wore the flowering colors of her youth, but the delicacy of her face and skin were as clear now as ever against the soft silver blues and greens of her costumes. The whole effect of age upon her was one of refining and exalting rather than loss. Because she knew herself still beautiful, she was ready to do today what she had planned to do. A woman who had lost her looks might have hesitated through feelings of defeat or even jealousy. But she had no need to be jealous and what she was about to do was of her own clear, calm will."

DATE SET FOR SPRING GARDEN SHOW IN OAKLAND

"Fantasia," an expression of modernism, with new ideas and materials, will be the theme of the 1947 California Spring Garden Show, noted Pacific Coast horticultural display in Oakland, which yearly attracts visitors from all over the west to view its lavish beauty, according to an announcement made this week by Howard Gilkey, landscape architect and designer of the show for many years.

Mystery and the lure of newer structural materials rarely used in gardens, will be featured in background effects for "Fantasia" to be held April 29 through May 4, while natural beauty will be supplied by forest greenery, plants and flowers as in the past, Gilkey pointed out. Lucite, Chrystal forms, mirrors and plastics will be brought to use to permit joining displays in a single theme, always a distinguishing mark of the show.
